As a results-oriented dealmaker, Jason enjoys creating solutions that bring together great people, projects and capital.

When working on sophisticated business and financing transactions, Jason focuses on the big picture to ascertain his clients' strategic business direction and formulate risk mitigation strategies to protect corporate capital and profitability.

His extensive experience includes advising businesses, lenders, investors, startups, and real estate investment companies and developers across the United States, on business transactions from formation to exit, acquisition, due diligence, real estate securities offerings, joint ventures, disposition and financing of real estate.

Jason regularly advises his clients on matters that include:

- All types of transaction matters during a business's life cycle, including equity financings for startups and business combination transactions such as mergers and acquisitions
- Forming and operating real estate syndications, real estate funds, mortgage pools, and performing and non-performing note pools
- Drafting securities offering documentation, including private placement memoranda and subscription agreements for capital raise projects
