2019 NYU Tax Conferences in July

Please join me later this month in New York City for NYU's Tax Conferences in July. I will be speaking at the program's Advanced Subchapter S Conference on July 25-26, 2019.

I will be presenting my new White Paper entitled "[The Road Between Subchapter C and Subchapter S – It May Be a Well-Traveled Two-Way Thoroughfare, but It Isn't Free of Potholes and Obstacles.](#)" We will explore the complexities that may impede travel on this two-way road, including the built-in-gains tax, LIFO recapture, excessive passive income, unreasonable compensation, personal holding company status, excessive accumulated earnings, and re-election hindrances and restrictions.

NYU's Tax Conferences in July is widely regarded as one of the leading educational forums for tax practitioners of all levels to stay up-to-date in the world of taxation legislation and regulations. You can download the conference brochure and obtain registration details at the [Tax Conferences in July website](#).

I hope to see you there!
