Foster Garvey's Seattle office boasts a long history of exceptional legal services, having been established in 1904 as one of the earliest law firms in the city.

Today, with approximately 100 attorneys, our Seattle office is one of the largest law firms in the Pacific Northwest region. We are proud of our reputation for providing outstanding client service, our integral role in the evolution and development of the Puget Sound area, and our support and growth of the legal profession.

Our Seattle attorneys are dedicated to serving a diverse range of local, national, and international clients across numerous industries, including real estate and development, hospitality, municipalities and local governments, pension funds and institutional investors, professional services, family-owned and closely held businesses, financial institutions, consumer products and retailers, school districts and institutions of higher education, hospitals and healthcare providers, manufacturing, natural resources, technology, maritime and fisheries, and transportation, as well as individuals.

In addition to our legal services, our attorneys are well-known in the community and actively serve on boards of some of the city's leading organizations, including the Downtown Seattle Association, Downtown Seattle YMCA, Juvenile Diabetes Research Foundation, King County Library System, Seattle Metropolitan Chamber of Commerce, Seattle Symphony, Seattle Times Corporation, and Seattle Theatre Group.
